COMPANY PROFILE 2024

About us

Basahel Auto Gates

Our business philosophy has always been premised on good quality products and services at competitive prices. A Reliable gate fabricator and automation systems installer provide you quality durable products that need less maintenance and therefore better margins that otherwise would have been lost through recalls & repairs.

Basahel Auto gates is an industrial and residential gate fabricator and automation company. Located in Jeddah, Saudi Arabia.

How we operate?

Inspection

A technician from our company will visit your site and assess the requirements

Planning

Based on the site visit, we will prepare a competitive offer and send to you

Execution

After your approval, we carry out the works as per the offer within the least possible time.

Training

Our team of technicians will provide a basic training on the operation of the system.
